Introductions

American Association
of Colleges of Nursing

AACN is the national membership organization for over 780 nursing schools; providing public support for professional nursing education, research, and practice

Liaison International provides the software, processing, and support to applicants and participating schools. Industry leader with 20 years of experience working with 25 different health profession to administer CAS's.

NursingCAS partners with participating schools to provide an online application to students who wish to apply to that school's programs and processes applications on their behalf

Partnership

Efficient method to research and apply to multiple programs with one, online service. Increase your program's exposure.

Ability to customize your admissions requirements and brand your school's listing on a per program basis.

Use the free tools in NursingCAS to manage your admissions and/or download and import the data and documents into existing systems.

Flexible to Meet Your Needs

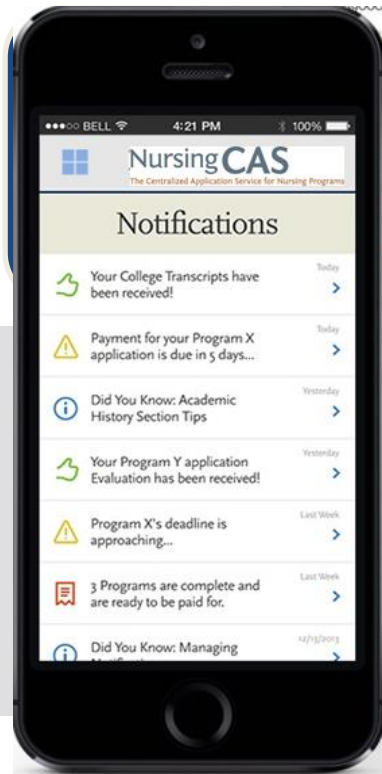

Streamline the application process for prospective students

- A single, online resource to research and apply to participating programs

Maximize capacity in schools of nursing and help fill available seats

- Qualified applicants are turned away from nursing schools annually even though more than 14,000 seats were unfilled

- Notify applicants about available seats at participating schools, new programs and deadline extensions

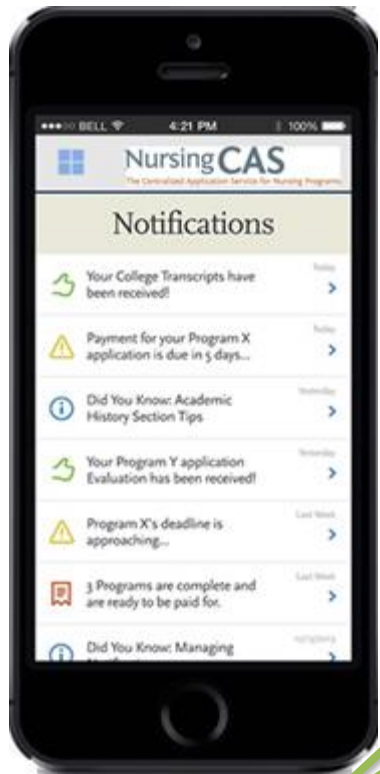

SOURCE: American Association of Colleges of Nursing, Research and Data Center, 2002-2013. AACN is not responsible for reporting errors by respondent institutions.

Goal of NursingCAS

Former User Experience

Real-time notifications and online status check

Centralized sections collect information common to all programs

Programs can collect custom information and documents in this section

The 2016 – 2017 Cycle is Now Open!

Welcome Back

As a previous applicant to **ADEA DHCAS**, you can speed up the application process by copying data from your previous application. Whether you submitted an application or started an application but did not complete the application process, this time saving process applies to you.

Confirm Your Profile Information

Step 1 in the re-applicant process is to confirm your profile information. Make any necessary updates to your Name, Contact Information and Account Information.

Decide if You Want to Copy Application Data

Step 2 in the re-applicant process is to decide if you want to copy data from a previous application. You will be able to review all of the application sections and decide what you want to copy. Or, you can start with a blank application to clear out all previous application information.

Choose Your Programs

Once you have updated your profile and decided which application data to copy, you will start your new application. The first step is selecting the programs to which you want to apply.

Review Application Sections

Every section of the application for which you choose to copy application data will initially be marked with the ! icon. You will need to visit each of these application sections to confirm the data is accurate or make updates.

NursingCAS Applicant Newsletter

Stay connected and informed.

March 22, 2016

Open Seats One of the benefits of NursingCAS is to provide notifications to applicants about programs that have available space. Did you know that more than 14,000 seats go unfilled annually? Review the listing below to determine if you would like to apply to one of these programs.

Deadline Extensions Programs often extend their deadlines in order

Reminders

Submit content to the applicant newsletter at

www.mynursingcas.org/dashboard/

- Many schools have inquired about opportunities to promote their programs to prospective applicants beyond the NursingCAS Newsletter so we partnered with [Echo-Interactive, LLC](#) to establish an: [Echo-Targeting Program](#), an affordable banner advertising tool that allows schools to market their nursing program to prospects online
