A **Centralized Application Service** for prospective students to research and apply to RN diploma, associate degree, baccalaureate, master's, and doctoral programs at participating nursing schools nationwide using one, online application.

Powerful Admissions Software for staff to manage and analyze their applicant pool. Schools can have an unlimited number of users with customized access. **Ongoing training and support is provided.**

Integrated Administrative Services including the processing and management of transcripts, supporting materials, calculating GPAs, and providing applicant service and support.

Partnership

Our Application Process Overview

The SF State School of Nursing has been using NursingCAS since 2011 to manage graduate supplemental application and admission processes. Undergraduate programs were added to the service in 2014.

Admission into SF State School of Nursing (SoN) programs involves a two-part concurrent application process. 1) General university application; 2) SoN supplemental application.

Example of How Applicants View SF State on NursingCAS

About the Program

The Accelerated Entry Level MSN program is designed for individuals who possess a non-nursing bachelor's degree and are seeking to enter the nursing profession. The two year full-time program, including summers, prepares students to become eligible for the national RN licensing exam (NCLEX-RN) after completion of 1 ½ years of study and it culminates with a nursing applied research course or a master's thesis. Graduates will earn a BSN and the MSN degree. This School of Nursing/Extended Learning program is open to both California and other U.S. residents. The cost is \$675 per unit for the 97 unit program.

Eligibility Requirements

- Baccalaureate or higher degree from a regionally accredited institution of higher learning
- GPA of 3.0 or above in the last 60 semester units earned
- GRE Analytical Writing Score of 4 or above by the time of application
- Health-related work or volunteer experience
- Completed all prerequisite coursework with a C or higher by the time of application

Application Process

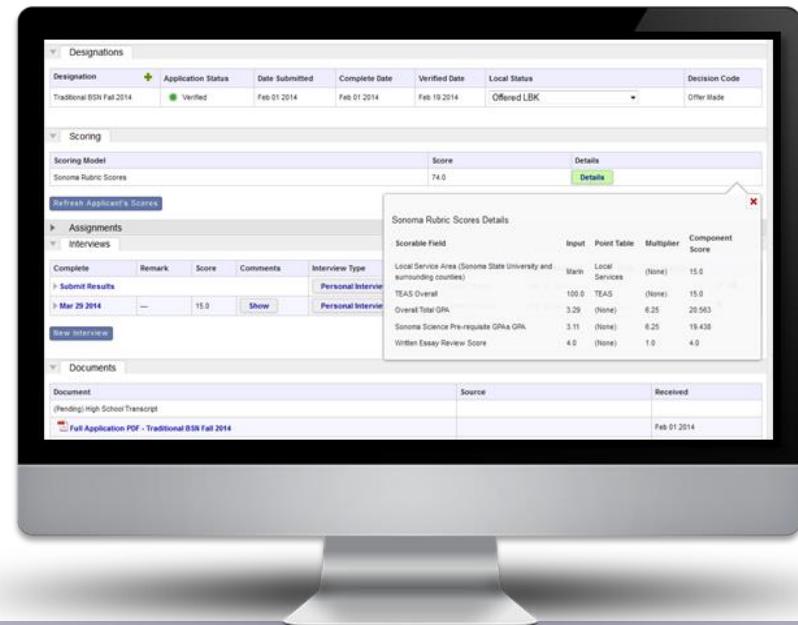

Admission to all SF State graduate and post graduate programs is a two-part process and two sets of transcripts are required.

1) A Spring 2017 CSU Mentor application to the San Francisco State University Division of Graduate Studies must be submitted. The program of interest selection must be: "Nursing (Accelerated Entry Level)-MS"

- We strongly recommend completing the CSU Mentor application first (early in the application period) as applicants will need to provide the assigned SF State ID# on the School of Nursing supplemental application
- Complete details concerning this portion of the process are available on the [SF State Division of Graduate Studies](#) web site.

About the List Manager

The List Manager page stores information regarding all user generated lists. From this screen you can create new lists, edit or delete lists. You can even export data and email applicants on a list.

WARNING – Please note that deleting a list will also delete any exports linked to that list. Please make sure that no exports are making use of the list you want to delete. You can edit what list your export is using by changing the first drop down in the edit export screen. We recommend you change it back to "Everyone." Please understand deleting lists used in exports will delete all exports using this list including ones created by other users at your school.

Please note that when searching on numeric fields such as GPA or Hours, do not use non numeric characters in the search criteria. For example searching and hours field for '1,000' will not return the expected results. In this case '1000' is the proper search criteria. It is acceptable to use decimal places when needed.

Undelivered Application

Subject: Undelivered Status SF State Nursing Application

We are in the process of completing initial screenings of applications. Unfortunately, we are unable to access content of your NursingCAS 3.0 application due to your status of "Undelivered". You should have received notice from our application service provider, NursingCAS, regarding this status along with an explanation of what you must do to correct the issue (often times it's coursework entry/transcript related). Please contact NursingCAS Customer Service directly to facilitate a resolution. We in the School of Nursing will not have access to your supplemental application content until you have resolved the issue with NursingCAS Customer Service.

Contact them ASAP at:

Phone: (617) 612-2880 (Mon.-Thurs 9am-7pm Eastern Time, Friday 9am-5pm Eastern Time)

Email: nursingcasinfo@nursingcas.org

Facebook: <https://www.facebook.com/NursingCAS>

Twitter: <https://twitter.com/nursingcas>

We look forward to screening and evaluating your NursingCAS application after you've resolved the Undelivered status issue.

Master's Recommend for Admission Notice

Subject: SF State Nursing Decision Recommendation

Dear ,

The School of Nursing Admission Committee is pleased to inform you that we are recommending the SF State Division of Graduate Studies offer you formal admission into RN-MSN program a Family Nurse Practitioner student. To reserve a space in the program, please complete this informal response form:

https://docs.google.com/forms/d/14WjWVhikLMeV5E_UhJGUG_G4GNT0m9uF1uY-XoXiu/form

Those who reserve a space will be sent nursing program orientation information in June. We hope to see you this fall and anticipate your experience here will be both enjoyable and educationally rewarding.

Sincerely,

Mary Ann van Dam, RN, PhD, PNP
Director and Associate Professor
SF State School of Nursing

- Registrar's Office
- Advisors
- IT
- Institutional Research and Planning
- Legal * *Although participation in NursingCAS is non-binding, you may want to consult with your legal or contracts department*
- Prospective Students and Applicants

How to Partner with NursingCAS

Onboarding Steps

Efficient method to research and apply to multiple programs with one, online service. Increase your program's exposure.

Ability to customize your admissions requirements and brand your school's listing on a per program basis.

Use the free tools in NursingCAS to manage your admissions and/or download and import the data and documents into existing systems.

Flexible to Meet Your Needs

Streamline the application process for prospective students

- A single, online resource to research and apply to participating programs

Maximize capacity in schools of nursing and help fill available seats

- Qualified applicants are turned away from nursing schools annually even though more than 29,000 seats were unfilled

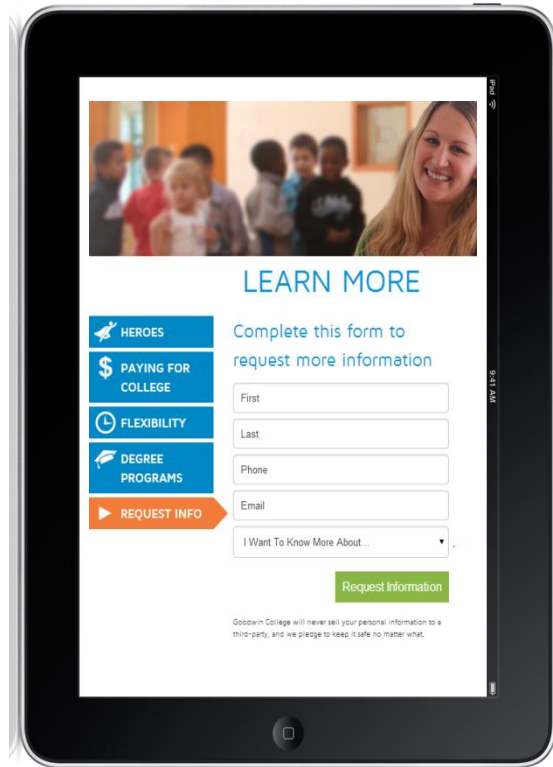

- Notify applicants about available seats at participating schools, new programs and deadline extensions
