

Configuration Manager Updates

We are excited to announce a cleaner look and feel for our Configuration Portal that will be available to all users on **March 18, 2018**.

New Design

The improved Configuration Portal interface is easier to navigate and offers increased adherence to 508 Compliance standards.

Redesigned Program Editor

The screenshot shows the 'PROGRAM EDITOR' interface. At the top, it displays 'WATERTOWN UNIVERSITY DEMO 2014-2014 CYCLE' and 'PROGRAM EDITOR'. A search bar is visible. The left sidebar lists various colleges: COLLEGE OF ARTS AND SCIENCES, COLLEGE OF BUSINESS, COLLEGE OF EDUCATION, COLLEGE OF ENGINEERING, COLLEGE OF PHARMACEUTICAL SCIENCES, COLLEGE OF PROFESSIONAL STUDIES, COLLEGE OF PSYCHOLOGY, PRINCE MOHAMMAD BIN SALMAN COLLEGE (MSBC), WATERTOWN UNIVERSITY, WATERTOWN UNIVERSITY, and WATERTOWN UNIVERSITY - CWE. The main content area shows details for 'Watertown University Demo 2014-2014 Cycle College of Arts and Sciences', including creation and update dates (2014-06-17) and the institution name. Below this is a section titled 'Programs and Applicant Gateways' with a sub-header 'The Programs and Applicant Gateways below are available to view & edit. Select one to begin.' A table lists 35 programs, with columns for PROGRAM, WEBADMIT NAME, START DATE, DEADLINE, STATUS, and LAST UPDATE. The table includes rows for Master of Arts, PhD in Fine Arts, Advertising, Architecture, Media Studies, Master of Fine Arts, Graphic Design, and another Graphic Design entry with an 'Approved' status. A '+ PROGRAM' button is at the bottom.

EDIT

Sort and Reorder Functionality

Along with the updated design, Configuration Portal users can now drag and drop to sort and reorder their program's Questions. You can reorder Questions within a Question Block, move Questions to different Question blocks, and reorder entire Question blocks.

The screenshot displays the Configuration Portal interface for 'WATERTOWN UNIVERSITY DEMO 2014-2014 CYCLE'. The main content area is titled 'PROGRAM DRACUT SCHOOL OF HE...' and 'Program Questions'. It includes a 'Settings' section with 'High School Transcripts' and 'College Transcripts' options. Below that is a 'Pages' section with checkboxes for 'Evaluations', 'Questions' (checked), 'Prerequisites', and 'Documents' (checked). A note states: 'Above are the sections within the program that you can configure. To activate and deactivate a page, use the check icons.' The 'Program Questions' section contains a rich text editor with a toolbar (B, I, U, link, list, undo, redo, clear, table, table) and a list of questions. The first question is: '1. * Recount a time when you faced a challenge, setback, or failure. How did it affect you, and what did you learn from the experience?'. The second question is: '2. * Discuss an accomplishment, event, or realization that sparked a period of personal growth and a new understanding of yourself or others.' There is an '+ ADD QUESTION' button and 'RESET' and 'SAVE' buttons at the bottom.

Coming Soon

Additional enhancements to the Configuration Portal interface are planned, including streamlined workflows and a widened layout for better usability.
